

THE CASES IN COURT DOCKET

Two Negro Men Will Be Tried
for Their Lives in Prince
George County.

YOUNG MAN DIES SUDDENLY

Heart Trouble Is Fatal to John
B. Bergen—Other Peters-
burg News.

Times-Dispatch Bureau.
300 North Main Street,
Petersburg, Va., January 19.
West will open the January
term of the Circuit Court of Prince
George County on Tuesday. The
cases on the docket are the ac-
cused and their victims all colored.
Only before Christmas Preston Rob-
ertson, who kept a small store several
miles from the county seat, and
who, as is alleged, shot and killed
William, a colored man, and his wife
and their children in front of their
home in front of his door and then
dragged the body away, threw it in
a ditch and covered it with pine
logs. The difficulty between the
men arose from some liquor which
William wanted to get on credit and
which was refused him. William is
reported to have been a man of bad
character. Robertson, who was
suddenly called him, but subse-
quently in jail confessed and claimed
self-defense.

On January 1 Sidney Smith went to
the home of Maria Taylor, some
five miles from Petersburg, armed
with a shotgun, and shot and killed
her in her yard. He had been forbidden
the premises, and it is thought sought
revenge in this way. Smith went to
the court seeking a warrant for the
arrest of the woman, but died very
suddenly of heart trouble last night
as he was being taken to the hos-
pital. Mr. Bergen became ill on Fri-
day with the grip and remained in his
room in the Stratford Hotel. Sat-
urday night, as the result of compli-
cations, his condition became so serious
that it was deemed advisable to have
him taken to the hospital. He died
just as the ambulance reached, where
his parents, Mr. and Mrs. W. B. Ber-
gen, reside. They were promptly no-
tified and a response was received from
the father this morning stating that he
would come to Petersburg and that
funeral arrangements will not be made
until his arrival.

Sylvanus Hines, a highly respected
citizen of Southampton, and a Con-
federate veteran, died at his home in
that county on January 18, and was
interred in the cemetery of the town
and county on Friday. Mr. Hines was
born October 4, 1831, and was in his
eighty-second year. He was a man of
high character and was widely known
and esteemed.

Lee Memorial Service.
A large number of Confederate
Veterans to-night attended Tabb Street
Baptist Church, and joined with the
congregation in a memorial service
held in observance of the birthday of
the great Confederate commander and
soldier. The services were impressive
and the sermon delivered by the pastor
the Rev. Charles R. Strubling embraced
a noble tribute to the life and character
of the great Christian soldier.

Personal and Otherwise.
While the State exempted thousands
of \$2.00 from the tax of the city of Peters-
burg, the city of Petersburg has
no probability of making the city and
State exemption uniform this year,
the city having been already
made up for the year.

The city of Petersburg will be de-
prived of some thousands of dollars
in tax revenue by the new rolling stock
law, which goes into effect this year.
John K. Sheffield had gone to Sa-
vannah, Ga., to accept a business posi-
tion.

The monthly meeting of the Metho-
dist Sunday School Association of
Petersburg and vicinity, held at the
Stratford Hotel, in Market Street Church.
The address was delivered by the Rev.
L. M. Roper, D. D., of the First Bap-
tist Church. The exercises were in-
teresting and the reports from the
different schools were gratifying.

First Class to Form Permanent
Organization at State
University.

Special to the Times-Dispatch.
Charlottesville, January 19.—The of-
ficers and committees of the class of
1908, University of Virginia, are busy
arranging for the reunion which will
take place during the coming
year, and if their plans succeed the
commencement of 1913 will be the most
noteworthy that the University has
known for many years. The class of
1908 was the first in the history of the
institution to form a permanent organi-
zation and to express the determina-
tion to maintain the class as a distinct
unit in the ranks of the alumni. Final
of 1913 was set for the first reunion, and
the alumni of 1908 have been looking
forward to that time for five years, re-
garding it not merely as significant for
themselves, but as significant for alma
mater and the new and increasingly
vital relations between alma mater
and her sons. The plans now under
way are elaborate.

RESCUE COMPANION.
Berry and Parsley Save Furlow Con-
way From Drowning.

Furlow Conway, thirteen years old,
of 20 South Pine Street, was rescued
from drowning by two companions yes-
terday afternoon about 2 o'clock, when
he tumbled into twelve feet of water in
the canal near the city electric plant.
With William Berry and Singleton
Parsley, Conway had been playing on
the canal bank, when he slipped and
splashed in. He arose to the surface
after his first dunking, but went under
a second time, and as he did so Berry
and Parsley jumped in after him. When
he came to the surface they grabbed
him and he had little difficulty in getting
himself out of the water.

Bicycle Policeman Napier passed us
he was dragged out and went to work
resuscitating him. Though not awak-
ened, the boy was kept afloat by the
water. After he had been rolled on
the canal bank for a few minutes he
rapidly recovered. When Dr. H.
T. Hastings, City Hospital ambulance
arrived, the boy was taken to the hos-
pital, but no medical aid was needed, but took
the boy to his home.

Losses Valuable Watch.
A report was made to the police of the Ste-
phen and Patrick yesterday that Mrs. W. H. En-
ghart, of the Chesterfield Apartments, found
a handsome diamond-studded watch, valued at
\$100, on Broad Street, between First and Brook
Avenues.
